

HCP to Acquire a Trophy Life Science Property in West Cambridge

IRVINE, Calif., Sept. 9, 2019 /PRNewswire/ -- HCP, Inc. (NYSE: HCP) announced today that it executed a definitive agreement to acquire, for \$332.5 million, a 224,000 square foot, LEED Gold® laboratory building located at 35 CambridgePark Drive, which is expected to close in December 2019. The property is being purchased from The Davis Companies and Invesco Real Estate ("Invesco"). 35 CambridgePark Drive is located in the Cambridge submarket of Boston, Massachusetts, adjacent to HCP's recently acquired property at 87 CambridgePark Drive and future development opportunity at 101 CambridgePark Drive. Combined, HCP has created up to 440,000 square feet of contiguous space across a modern campus.

35 CambridgePark Drive is 100% leased to five life science tenants composed of both established large-cap and emerging biopharmaceutical companies, with a weighted average lease term of over 10 years and weighted average lease escalators of 3.0%. The year one cash and GAAP capitalization rates are 4.8% and 5.7%, respectively.

This state-of-the-art building offers more than 10,000 square feet of common amenity space, including a grand lobby with dedicated collaboration spaces, a full-service restaurant, a fitness center, lockers and bike storage, and abundant green space and outdoor seating. This transit-oriented property also offers commuters convenient access with its location directly across the street from the highly-utilized MBTA Alewife Red Line station and bus terminal.

"With the acquisition of 35 CambridgePark Drive, we're pleased to report that in less than two years we have expanded our presence in the Boston life science market to more than 1.3 million square feet and at a very compelling blended yield," said Scott Brinker, Executive Vice President and Chief Investment Officer of HCP. "Class A life science real estate continues to experience unprecedented demand and the cluster strategy we have employed, combined with our mix of stabilized and development properties, will allow our tenants to grow within our portfolio."

About HCP

HCP, Inc. is a fully integrated real estate investment trust (REIT) that invests in real estate serving the healthcare industry in the United States. HCP owns a large-scale portfolio primarily diversified across life science, medical office and senior housing. Forward Looking Statements

Statements in this release that are not historical facts are "forward-looking statements" within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. Forward-looking statements include, among other things, statements regarding our and our officers' intent, belief or expectation as identified by the use of words such as "may," "will," "project," "expect," "believe," "intend," "anticipate," "seek," "target," "forecast," "plan," "potential," "estimate," "could," "would," "should" and other comparable and derivative terms or the negatives thereof. Examples of forward-looking statements include, among other things, statements regarding the pending transaction, including the anticipated benefits from, and results of, the transaction, execution plans, development plans, leasing activity, investment strategy and the anticipated closing of the transaction. The closing of the transaction remains subject to the satisfaction of certain closing conditions, and may not close on the anticipated timeline or at all. Forward-looking statements reflect our current expectations and views about future events and are subject to risks and uncertainties that could significantly affect our future financial condition and results of operations. While forward-looking statements reflect our good faith belief and assumptions we believe to be reasonable based upon current information, we can give no assurance that our expectations or forecasts will be attained. Further, we cannot guarantee the accuracy of any such forward-looking statement contained in this release, and such forward-looking statements are subject to known and unknown risks and uncertainties that are difficult to predict. See Part I, Item 1A. "Risk Factors" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2018 for a description of risks and uncertainties that may cause our actual results to differ materially from the expectations contained in the forward-looking statements herein. Except as required by law, we do not undertake, and hereby disclaim, any obligation to update any forward-looking statements, which speak only as of the date on which they are made.
